**Language of Instruction:** English

### Eligibility:

- \* Second semester sophomore standing and above
- \* Winthrop students annual enrollment limit of 10 students
- \* Minimum 2.75 GPA

**Housing and Meals:** Students who are attending for the academic year may apply for a room in a residence hall. Most are self-catering single rooms with shared bathrooms and kitchens but some en suite rooms are available at a slightly higher rent. Students are required to sign an agreement for 40 weeks (cost between £2,720 and £3,510).

Because of the need to sign up for 40 weeks, accommodation in halls is not practical for students attending for a semester. It is therefore recommended to stay in local homes within easy distance of the university. The accommodation is always a single room in a home, access to the kitchen for the preparation of meals, and with a shared bathroom. Rent (£85 - £100 a week) is paid to the landlord/lady weekly in advance. Kingston's Accommodation Office locates lodgings for visiting students.

There is no meal plan. Students have access to kitchens in their housing and prepare meals for themselves.

**Arrival and Orientation:** Kingston University will meet students at the airport and hold a two-day on-site orientation for all students.

**Excursions:** As part of the British studies course, a number of sites are visited throughout the country. There is a fee for this course.

**Costs:** Amounts are either in US dollars or British pounds (GBP). Some costs may be approximate due to the changing value of the US dollar against international currencies. Checked (✓) items included in Winthrop tuition fees.
